Re: Sanitary Landfill Company (IWD) Site  
1855 Cardington Road, Montgomery  
County, Moraine, Ohio

Dear Ms. Mancos:

We received the July 14, 1987 letter on the above referenced subject from Director Basil G. Constantelos. Your request for information has been researched by our Engineering, Finance and Sanitation Departments. Our research did not show the City of Fairborn as having sent any waste to the referenced site.

The Finance Director has checked the City's financial records from 1978 to present and can find no record of doing business with IWD for disposal at this site. We do, however, provide a license for IWD trucks in the operation of transportation or disposing of refuse within the City. This is to help ensure that those vehicles conveying waste must be so operated so as to not create a public nuisance. IWD has trucks so licensed and operating within the City to collect waste at certain business and commercial establishments. We have no record however of these locations.

Our City Engineer and Sanitation Superintendent who have been employed in like positions with the City for 11 years and 17 years respectively also have no recollection of dealing with this particular company or of disposing waste at this landfill site. In fact, the City of Fairborn operates its own sanitary landfill and would have no need to use this particular landfill site.

We would, therefore, request that the City of Fairborn be deleted from the list enclosed with Mr. Constantelos' letter.
